Dear Mr. Feight: RE; Shivwits # 1 - Washington Co.

This is to advise you that we have suspended operations on the Shivwits # 1, located in Section 28, T. 41 S. R. 17 W. in Washington County, Utah.

The top of the surface casing was cut in strips and bent and welded together to provide a complete and secure covering.

I am very sorry that I had difficulties and delays on this operation.

However, at present I am making plans and arrangements to proceed again and resume operations on or before October 1.

You and the members of your staff have been very cooperative and considerate in this matter.

Sincerely yours,

Dell Hatch

JUN 3 1956

Dear Mr. Schwabrow:

In your letter of June 28 you stated that the Great Western Petroleum Company, Las Vegas, Nevada, proposes to drill an oil and gas test well on Shiwits Indian tribal lands. You pose the question of whether or not Federal supervision has been terminated.

By the act of September 1, 1954 (68 Stat. 1099), Federal supervision over Shiwits Indian land was terminated. By Trust Agreement, dated August 18, 1956, subsurface rights of the subject property was transferred to the Walker Bank and Trust Company, Salt Lake City, Utah, as Trustee.

Sincerely yours,
